Divine Love meets every human need

God meets, but does God know human need?

God does not know even the supposition of evil

Physical Body

The physical body, like a driver's license, represents us, but it isn't part of us.

We don't judge a person's ability to be a good driver based on how much the photo on their driver's license looks like them; and similarly, we can't judge a person's spiritual nature or spiritual progress by their physical body or situation.
